# *Who We Are*

We are the most complete and established wedding and event resource in Portland. Our site reaches over 75,000 couples each year, it's at the top of every major search engine for almost anything wedding-related in our area, and we've been online since 1997.

Portland is one of the most popular, unique and beautiful wedding destinations in the Northwest, and the majority of couples are going online to find what they need to plan their weddings.

Want more business? At Portland Weddings, we are completely focused on getting your company exposure. We're constantly promoting our site and networking with vendors, and we work on search engine optimization every single day to keep our spot at the top.

*When people find us,  
they find you!*

## *We Know Weddings*

Not only are we the number one wedding and event resource in Portland, we also cover Central Oregon with our Central Oregon Weddings website, the entire Oregon coast with our Oregon Coast Weddings website and all of Southern Oregon with our South Oregon Weddings website.

We know weddings, and we know Oregon. Over the years we've worked with countless vendors in locations and venues all over our beautiful state. We love everything about our local wedding industry, and maintain an intense focus on keeping our sites dedicated to the incredibly talented professionals that live and work here.

Whether you're a wedding vendor looking to bring in more business, or a couple planning the big day, Portland Weddings provides everything you need for success!

# Advertising Packages

## Home Page Banners

Get maximum exposure for your company with a custom designed banner on our home page. Spaces for these banners are limited and usually have a waiting list!

- Company Name, Address and Phone Number

# *The Wedding Industry*

## Capture Your Share!

When it comes to getting married, it's no-holds-barred for most couples. The average wedding costs around \$32,000, and the wedding industry in the U.S. is valued at \$51 billion! With over 14,000 weddings in Oregon each year, this industry is truly a lucrative one.

How do you tap into this market? Through the internet! These days over 80% of couples are going online to plan their weddings. That's why having good visibility and a strong web presence is so important. We work hard to stay at the top so you can focus on your clients, and gain new ones.
